DEDICATION

This person we wish to thank for the time and energy he has given us not only as class advisor and teacher but as a friend. For his general interest and concern in our activities inside and outside of the classroom, we, the Class of 1975, dedicate our yearbook, the 1975 Green and Gold, to Mr. Frederick Remington.

SUPERINTENDENT'S MESSAGE CHANGING TIMES, motto for the gradu- ating Class of 1975 is very apropos.

Change has always been with us, but now, more than ever, institutions, philosophies, and various aspects of living are changing at a whirlwind pace. You will find that some changes are self imposed.

Do not discard the tried and true for the glitter of the spectacular. Do not scoff at the old virtues of honesty, integrity, respect and responsibility.

Engender in yourself tenants that hold dear and embrace them as a philosophy of living and a way of life.

Good luck, one and all, in furthering your ambitions and dreams.

PRINCIPAL'S MESSAGE

As you complete your high school education, you will discover that the real journey of your lives has just begun. And as you travel the hiways you have chosen, I trust that experience will teach you that life is not a book with old age as a final chapter, but rather a series of stories each with its own unfolding. Through each new adventure on the way I know that you will learn the true happiness comes to those who give fully of themselves to what they believe in and to their fellowman.

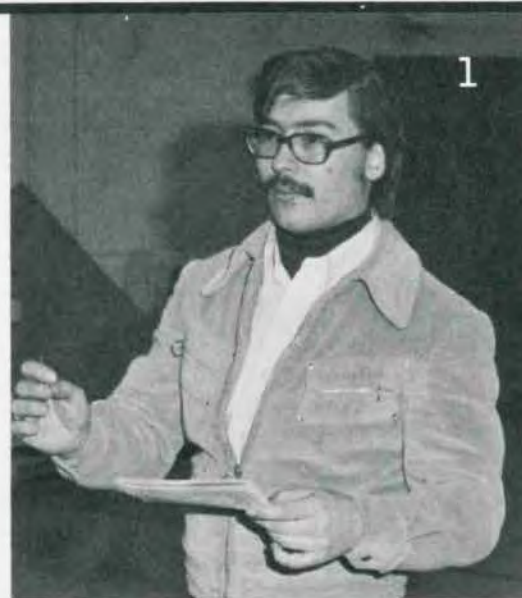

We live in a changing time that offers tremendous opportunities for each individual. And I am confident that you will take hold of these opportunities to achieve greater good for yourselves, your families and your country.

PRESIDENT'S MESSAGE

The theme of the 1975 Green and Gold "Changing Times" makes us look to the future but it cannot stop us from reflecting on our past. In these past four years at West Rutland High School, we have gained the knowledge and reason to continue our lives as each one of us chooses. Through the teacher's guidance, and most important the knowledge we have gained relating to each other, we have constructed a base upon which we can build our lives. It is now up to us as individuals to decide what we can do with this knowledge we have gathered.

Together we have shared moments in the classroom, on the playing field, and in other activities, that will remain with us forever. We will always remember these as a part of our high school years.

Now we will each go our separate way and make a life for ourselves. We have had a good beginning and now it is up to each individual to make the most of ourselves so we can make West Rutland High School, our teachers and our families proud of us.

A TIME TO REMEMBER

BY E. CUNNINGHAM

I'm going to miss this old school ...
For a million different reasons...
I remember what it was like to be new around here,
The place seemed a little bigger then,
And though I never admitted it, a whole lot scarier!

I remember searching hallways and stairways,
And auditoriums filled with unfamiliar faces,
Hoping to find someone to share my confusion with...
And feeling so grateful whenever anyone smiled.

What an assortment of unforgettable characters I've met here!
There were classmates I liked right from the start...
And those who took a little getting used to...
There were teachers I loved, and teachers I survived...
There were upper-class celebrities who awed me
With their style, and lower-class innocents who
appeared to stand in awe of mine.

Most of all, there were the good friends I made here...
And all the times together we shared.
I recall times when we won, and times when we lost,
Times when we worried together, and
Times when we celebrated...
But how do you say thanks for a mind-full of beautiful memories?

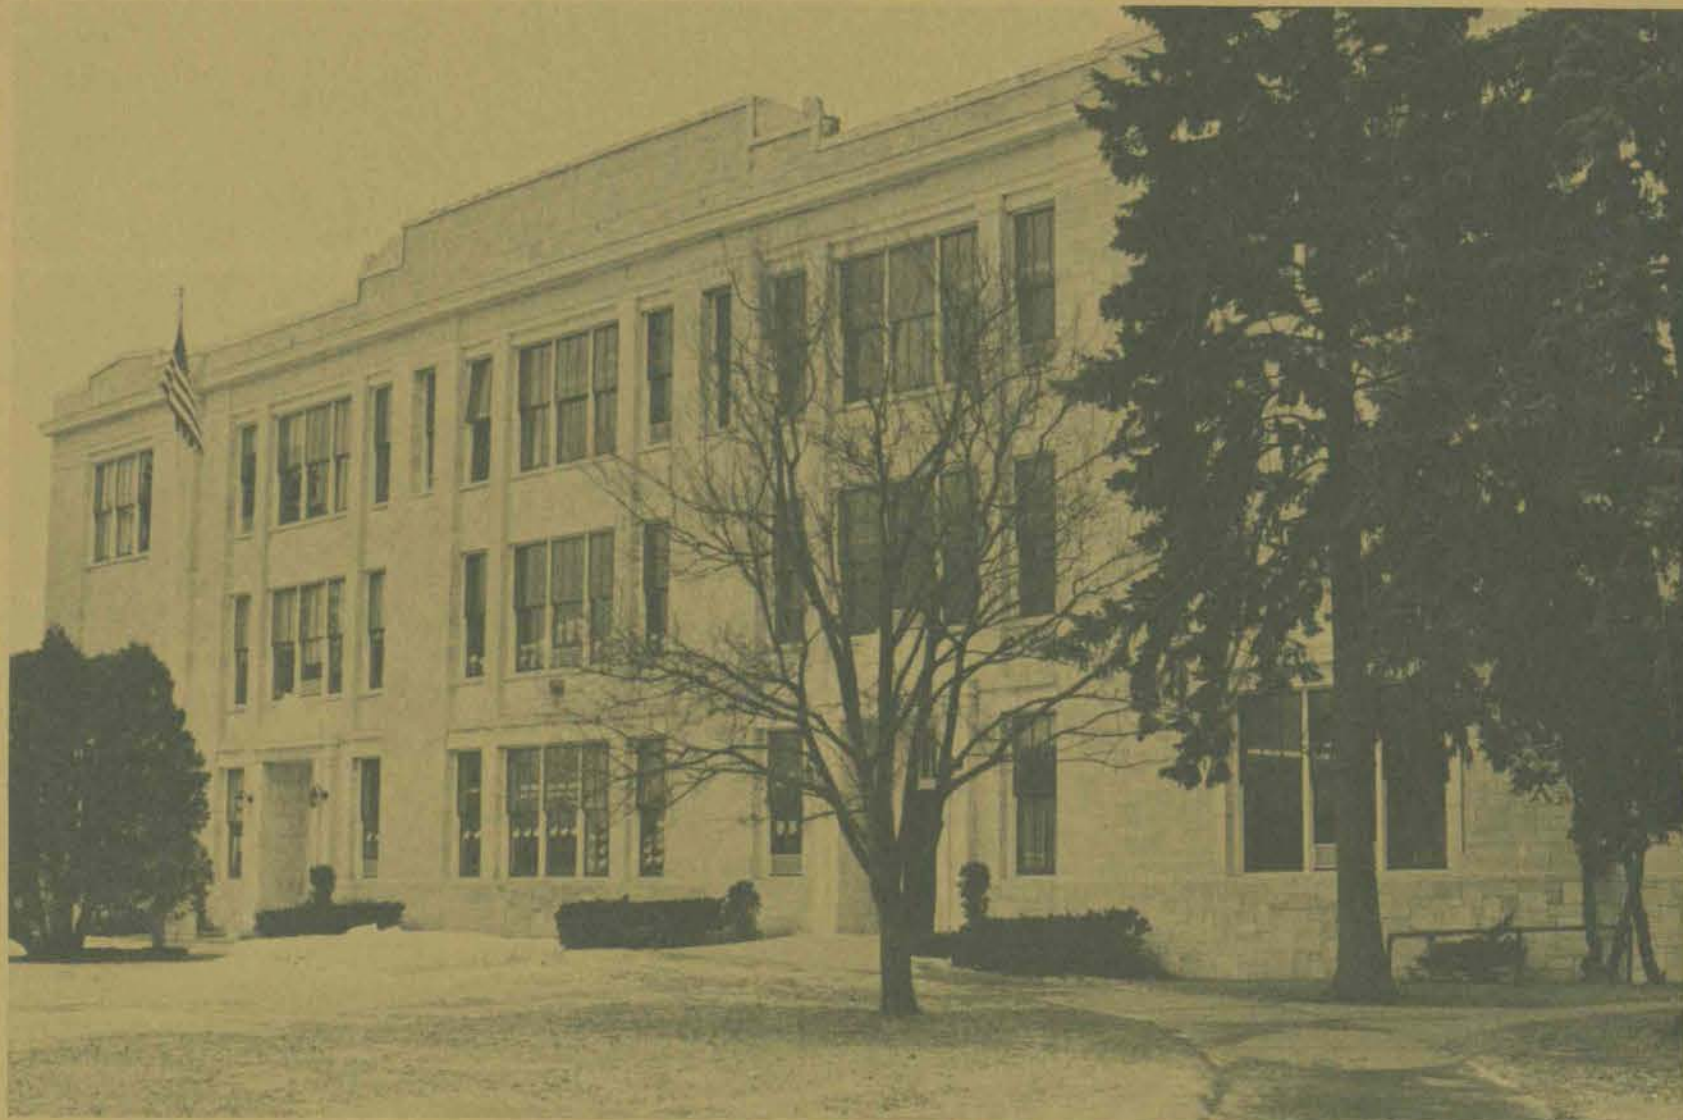

I remember autumns, when all the excitement
In the world flashed between two goal posts...
Winters warm with the glow of our holiday spirits...
Springtimes that dazzled us with the promise of freedom...
And long, lazy summer vacations when not doing much of
Anything was our favorite group activity.

Looking back, I'm amazed that so many crazy and
Colorful things could have happened in just these few years...
But I'm glad they all happened to me!

It won't be easy saying good-bye to this school...
To these friends, but I have so much more to learn about the
World and about myself, and its time to get started.

I only know that wherever I go,
Whatever I do,
The days I've spent right here will always be
A really special part of my life...
A time to remember!
